Preparing a Quote Request

When you are calling us for a quote, we will need as much of the following information as you can provide. Don't have all of the answers? It's okay, we will be happy to discuss the details of your project and also make recommendations.

- 1. Number of copies.** How many do you need?
- 2. Number of Originals.** How many pages in your document?
Remember, a double-sided page counts as two originals.
- 3. Color or Black and White.** Is your document being reproduced in color or black and white? If it's a combination, we will need to know how many pages of each.
- 4. Single sided or Double sided.** How many pages in the document will be single-sided and how many will be double-sided?
- 5. Paper Size.** We have these options: 8.5 x 11, 8.5 x 14, 11 x 17, 12 x 18, 13 x 19, and 13 x 40.
- 6. Paper Stock.** Hundreds of paper stock options are available. Certain stocks are much more expensive. Standard stocks usually are 60# for black and white and 70# for color copies.
- 7. Binding and Finishing.** After the document has been reproduced we have a host of options to bind and finish. Please visit our website to see the options we have available.
